1947 DESCRIPTIVE LIST OF
GLADIOLUS
TWENTY-FOURTH SEASON

LEADING LADY

ARTHUR A. ARENIUS
59 BLISS ROAD, LONGMEADOW 6
SPRINGFIELD, MASSACHUSETTS

FOREWORD

Again it is a pleasure in presenting my new list to say "Thank You" for your loyal, valued and continued patronage, and for your many fine letters. I am glad to report "The Boys" are all back safe and sound. "Ed" has married and moved to upper New York state and intends to grow glads there. "Art" thinks he will stay with the "Old Man" and grow glads, which should make for bigger and better service. Maybe now you will get prompt acknowledgement of your orders and answers to your letters, which of necessity had been neglected the past few years. "Al" plans to continue school and help during his spare time.

It looks as if we are going to adopt a reconversion economy of doing "what comes naturally," that is following the old law of supply and demand. Glads will be more plentiful and prices will recede some, which may be a good thing for the industry as a whole.

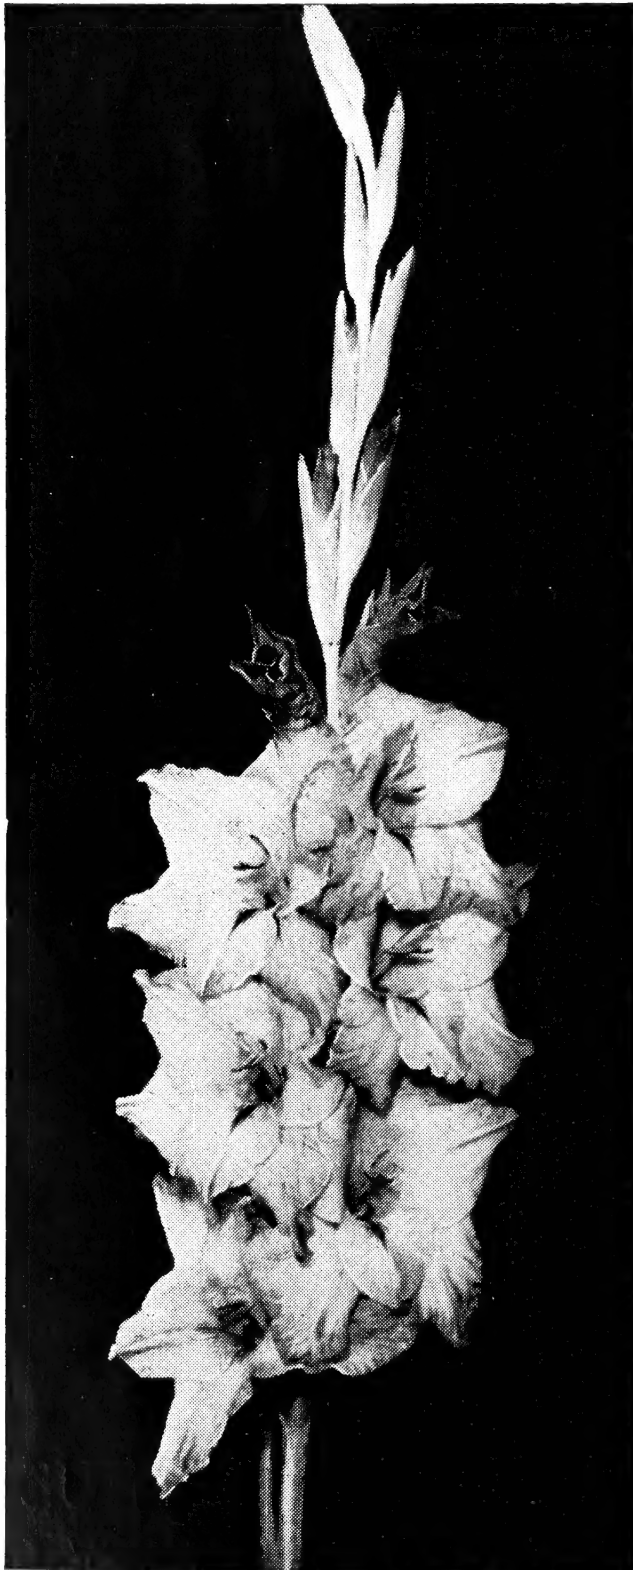

Last season was a fine one. You may look for some worthwhile new glads in the next few years. Also, now that we can import again, you will find some outstanding varieties among the Foreign ones. I hope to list several in my next catalogue upon further trial. Also next season will be my 25th anniversary in the glad business and if things go according to plans, we will have the finest catalogue ever.

Every year I am asked, "What are the best varieties to buy?" This year instead of giving my own ideas on the subject, I am submitting a list of winning varieties at the shows as compiled by George J. Siemsen in the North American Gladiolus Council Bulletin. This is a group of 26 State and Canadian Glad Societies, and is a tabulation of varieties that won the most blue ribbons in the different classes at their shows.

Ten Varieties with Most Blue Ribbons in Each Size

Class 500
size 5 1/2" or larger

Elizabeth the Queen	52
Leading Lady	47
Algonquin	46

Wings of Song	20	Pink Paragon	14
Mother Kadel	19	Gardenia	12
Purple Supreme	19		

GUARANTEE

I guarantee satisfaction. If for any reason you are not satisfied, please write me and I will do my utmost to make satisfactory adjustment. Likewise, if you are pleased, I will be glad to hear of it, especially mention varieties that do well for you.

ORDER EARLY

We both benefit when you order early. Early orders get the choicest bulbs with less chance of being out of any variety. Also, I have more time to put up your order, less chance of error and less overtime. Please order early!

With every order cultural directions are included.

Visitors are always welcome at my fields during the blooming season.

PLEASE READ BEFORE ORDERING

Cash with order, or 25% deposit if future delivery is desired, balance C.O.D. Delivery charges prepaid on orders of \$1.00 or more, except as elsewhere stated. If less, add 15c toward shipping cost. No order taken for planting sizes (No. 5 and No. 6) after Apr. 15th, and for large bulbs after May 15th. Can furnish mixtures until June 15th. NO SINGLE ITEM LESS THAN 10c. I ship anytime. Yes! I give overcount. Please do not hold me to any obvious errors that may appear in this price list.

If your order contains bulbs from the General List (which are Prepaid) and the Quantity List (which are not Prepaid) I will send the bulbs express collect and put in enough extras to more than offset the express charges.

Money orders should be made out to: Springfield, Mass., Postoffice.

New Introductions for 1947

KING ALFRED (Hobbs). From the garden of Mr. Hobbs comes a salmon pink that is proving to be a fine commercial variety. It was given the Award of Merit from the Maryland trial gardens in 1944 and 1945 the two years it was tried there. Although exhibited very little it has already had many blue ribbons. Of excellent growing and propagating habits and produces fine bulbs. It has a field height of 60 inches and opens 6 to 7 florets 6 inches in size. Has a long spike of 20 to 22 buds with 6 showing color. Its keeping qualities are excellent and its good placement makes for an impressive spike.

Price each: L \$2.00, M \$1.50, S \$1.00, Blts. 10 - \$2.00

VENIDA (Milo). A beautiful rose colored glad with a lavender cast and a deep cream blotch. Grows 50 to 60 inches tall with 24 to 28 buds. Has eight open with 5 showing color on a very long flowerhead. The five inch blooms are ruffled and fluted and it is a good propagator. With its beautiful color and fine growing habits VENIDA is a standout glad.

Price \$5 any size. No bulblets this year.

PHANTOM BEAUTY (Bastian). A fine light pink glad that is highly recommended for both commercial and exhibition purposes. Light pink, formal type with perfect facing and placement. Opens 10 wide open florets at a time with 6 showing color. Field height about 60 inches with 5½" florets. Growing habits and propagation excellent. Although it has been exhibited very little it already has won two grand championships.

Price: No.1, \$10; No. 2, \$7.50; No. 3, \$6. — Bulblets: \$1.25 each; 10 for \$10.

PROSPERITY (Silva). The ruffled sport of Picardy with all its good qualities and many fine additional qualities of its own. A light rose shade much more attractive than Picardy. Tall, strong and straighter and of a finer color with all the other characteristics. A leading commercial before long.

Price \$5 each, any size. 3 for \$12.50. No bulblets.

BERNADETTE (Silva). Another sport of Picardy that is plain petalled and grows even taller and stronger than Picardy. Color is a rosy flesh. Opens 6 large beautiful blooms on a tall spike extending well above strong, healthy foliage. Both of these Picardy sports have the ability to open in water when cut in tight bud. A grand variety that is going places.

\$5.00 each, any size. 3 for \$12.50. No bulblets

JANET LEE (Fairchild). Color peach on edge of petals, blending to a deep cream throat. Very heavily ruffled and fluted. Excellent propagator, strong grower. Height 56 inches. Flowerhead 22 to 24 inches. A most beautiful orange and yellow blend. The most outstanding seedling at the Binghampton show last summer. Won several awards.

Large bulbs only, \$15.00 each

KATHY LEE (Fairchild). Heavily ruffled soft yellow with deeper yellow throat. Sister seedling of Janet Lee and resembles it in every way except color. Won several awards.

Large bulbs only, \$10.00 each.

OGARITA (Wilson) (532) 85 Rose salmon shading to a yellow throat. Opens 6 large blooms on a very tall spike. This is such a husky tall grower that it always attracts attention in the garden.....	1 10	.15 1.20	.10 .80	.05 .40	Pkg.	.35
OHIO NON PAREIL (Wilson) (550) 80 Bright scarlet with 8 very large blooms on a very long flowerhead. Blooms rather loosely attached and lacks height below first floret. One of the largest reds. Prize winner.....	1 10	.20 1.60	.15 1.20	— —	Pkg.	.35

	Large Per 1 1/4" up	Medium 3/4"-1 1/4"	Small 3/8"-3/4"	Bulblets Per	
OREGON GOLD (Majeski) (410) 95 Light yellow with deeper throat. Opens up to 10 medium sized blooms on a tall spike which usually has a forward bend. Heavy propagator	1 10	.20 1.60	.15 1.20	.10 .80	Pkg. .35
ORIENTAL PEARL (Carlson) (506) 85 Huge plain petalled cream self which opens 4 large blooms which can be grown up to 7". Spike is tall and slender. Florets well attached but are a bit floppy. Attracts attention because of its immense florets.....	1	5.00	4.00	3.00	10 5.00
PARNASSUS (Ristow) (570) 85 Deep glistening purple with creamy spears on lower petals. Opens 5-6" blooms on a tall spike. Stem a little weak for such a heavy flowerhead. One of the largest and most beautiful purples	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg. .30
PEGGY (West-Arenius) (366) 85 Clear light lavender with small cream throat and lavender feather, practically a self color which never flecks. Opens 6-4" blooms on a 60" spike. Good propagator. I think this is going a long way to fill a much needed want for a tall lavender cut flower.....	1 10	4.00 32.00	3.00 24.00	2.00 16.00	1 .50 10 4.00 100 30.00
PICARDY (Palmer) (530) 90 Most famous and popular glad grown today. Large salmon with 8 open on a tall spike. Has won more prizes at the shows and is grown more extensively as a cut flower than any other variety.....	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg. .25
PINK CHARM (LaSalle-Arenius) (542) 80 Medium deep pink which deepens in throat with a waxy appearance. Opens 6-5 1/2" blooms on 50" spike. Very prolific and should make a fine cut flower.....	1 10	4.00 32.00	3.00 24.00	2.00 16.00	10 4.00 100 30.00
PINK PARAGON (Cassabeer) (342) 90 Bright clear, pure pink with cream throat. Opens 6-4 1/2" blooms on a tall spike. A beautiful cut flower.....	1 10	.30 2.40	.20 1.60	.10 .80	10 .25 100 2.00
PINK PICARDY (Earl) (532) 90 A deeper pink sport of Picardy. Same as Picardy except a deeper color.....	1 10	.25 2.00	.15 1.20	.10 .80	10 .20 100 1.50
PINK RADIANCE (Quackenbush) (440) 85 Pure light pink with a touch of carmine deep in throat. Opens 8-4 1/2" blooms on a tall spike. This is proving a very popular cut flower variety and is widely grown.....	1 10	.15 1.20	.10 .80	2-.10 .50	Pkg. .25
PIONEER (LaSalle-Arenius) (532) 85 Beautiful deep salmon pink blending to a cream throat. Opens up to 8 large blooms on heavy straight spike. Makes a large plant with wide healthy foliage. Fine propagator. Being bought heavily by commercial growers for a cutting glad as it opens well from tight bud.....	1 10	1.00 8.00	.75 6.00	.50 4.00	10 1.00 100 8.00
POET'S DREAM (Fischer) (366) 85 Ruffled pale lavender. Opens 5-4" blooms on a medium spike. Good grower and propagator	1	1.00	.75	—	10 1.00
PURPLE ROBE (Butt) (462) 90 Reddish purple with white feathers on lower petals. Opens 8-5" blooms on a tall spike. Looked good in the garden this past summer.....	1	.40	.30	—	10 .40
PURPLE SUPREME (Wilson) (470) 90 Deep purple with a light edging on petals. Opens up to 8-4 1/2" blooms on a tall spike. Best all around purple. It usually wins at the shows, winning 19 blues last summer.....	1 10	.25 2.00	2-.25 1.00	4-.25 .50	Pkg. .30
R. B. (Upton) (590) 90 Rusty brown on an old rose base. Individual florets up to 7 inches. To me not a pleasing color but it usually wins at the shows as the largest floret	1 10	.25 2.00	.15 1.20	— —	10 .25
RED CHARM (Butt) (452) 85 Deep medium red. Opens 8 large blooms on a fairly tall spike. Excellent for exhibition or as a commercial. Won 43 blues last summer	1 10	.20 1.60	.15 1.20	.10 .80	Pkg. .35
RED RASCAL (Graff) (550) 85 Ruffled scarlet red. Opens 6 very ruffled 5" florets on a fairly tall spike. Looks like a promising newcomer among the reds.....	1	5.00	4.00	3.00	10 5.00
RED RIVAL (LaSalle-Arenius) (552) 80 Brilliant glowing scarlet red. Opens up to 8 large blooms on a 50" spike. Unless well grown will show an open space between the double row of florets.....	1 10	.50 4.00	.35 2.80	.25 2.00	10 .50 100 4.00
REVLON (Milo) (452) Scarlet red which open 6-5" blooms on a tall, slender spike. Beautiful clear red which is fast coming to the front as a commercial red.....	1 10	1.00 8.00	.75 6.00	.50 4.00	10 1.00 100 8.00

		Large Per 1 1/4" up	Medium 3/4"-1 1/4"	Small 3/8"-3/4"	Bulblets Per	
RIMA (Mitsch) (540) 90 To me one of the most beautiful glads. Pale lavender pink. Opens 5-5 1/2" blooms on a tall, slender spike. Slow propagator.....	1 10	.15 1.20	— —	— —	10	.25
RIO RITA (Lins) (423) 100 Medium orange with darker throat. Opens 6 large ruffled blooms on a tall, slender spike. Fine exhibition orange.....	1 10	.25 2.00	.20 1.50	— —	10 100	.25 2.00
ROMAN GOLD (Canine) (322) 80 Yellow and orange blend. Opens 6 medium sized blooms on a tall spike. Valuable as a cut flower.....	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg.	.25
ROSA VAN LIMA (Pfitzer) (460) 80 Light rosy pink with a touch of lavender in the throat. Opens 8-5" blooms on a tall, straight spike. Heavy propagator and used extensively as a cut flower. An outstanding all around glad	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg.	.25
ROSE O'DAY (Fischer) (566) 75 Rosy lavender. Opens up to 10 medium sized blooms on a stiff, straight spike. Florets don't open too wide and color could be clearer, but makes an imposing spike.....	1 10	.75 6.00	— —	— —	10	.50
ROSY MORN (Riley) (442) 80 Light coral rose, sometimes flecked. Opens 6-4 1/2" blooms on a 50" spike. Bulbs subject to disease. Beautiful when it comes clear.....	1 10	.15 1.20	.10 .80	— —	Pkg.	.25
RUFFLED PRINCESS (Pruitt) (440) 90 Light rosy pink and cream. Opens 5-4 1/2" blooms on a 50" spike. Attracts attention because of its ruffling and beautiful color.....	1 10	.20 1.60	.15 1.20	.10 .80	Pkg.	.35
SENSATION (Marshall) (560) 110 Rosy salmon. Opens 8 large blooms on a very tall spike. Very late. Fine for exhibition.....	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg.	.25
SILENTIUM (Pfitzer) (401) 80 White with red throat blotch. Opens 6-4 1/2" blooms on a tall slender spike. Prolific producer of bulblets that grow easily. Much in demand as a cut flower.....	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg.	.25
SILVER WINGS (Ritsema) (500) 90 Creamy white sport of Picardy. Slightly ruffled, whiter than Leading Lady. It's a question which is better. Fast propagator.....	1	3.00	2.00	1.00	10	2.00
SNOW PRINCESS (Pfitzer) (400) 80 Creamy white. Opens 6-5" blooms on a straight, slender spike. A very popular white cut flower variety.....	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg.	.25
SOPHIA (Holland) Deep rosy pink with a deeper throat mark. Large blooms on a tall, straight spike. Looked good in trial garden.....	1	1.50	—	—	10	1.50
SOUTHERN DRAMA (Wilson) (536) 85 Clear scarlet red. Opens 6 large blooms on a 30" flowerhead. Fine new red	1	.50	.35	—	10	.50
SPIC AND SPAN (Carlson-Puerner) (440) Deep salmon pink. Opens 8-4 1/2" blooms on a very long flowerhead. Has won many awards at the shows the last two summers. 10 bulblets sold only with each large bulb.....	1	5.00	4.00	3.00	10	5.00
STOPLIGHT (Lins) (452)) 90 Medium scarlet red. Opens 6 medium sized blooms on a tall slender spike. Heavy propagator. This variety is in demand as a fine cut flower red.....	1 10	.25 2.00	.20 1.60	.15 1.00	Pkg.	.35
SPOTLIGHT (Palmer) (413) 80 Deep yellow with a red blotch. Opens 6-5 1/2" blooms on a tall spike. Fine propagator and healthy grower. In large demand as a cut flower.....	1 10	1.50 12.00	1.00 8.00	.60 —	10 —	1.50 —
SUMMER GAL (Zimmer) (542) 80 Deep pink with rose feather in throat. Opens 8-6" blooms on a 60 " spike. A very outstanding pink.....	1	5.00	4.00	—	10	5.00
SUNRISE (Butt) (460) 95 Deep rose pink with yellow throat. Opens 8 large florets on a tall, straight wiry spike. Looks good.....	1	1.00	.75	—	10	1.00
SURFSIDE (Winsor) (400) 95 Ruffled white with red pencil line in throat. Opens 6 large blooms on a tall spike. Strong, vigorous grower. Fine late white.....	1 10	.10 .80	2-.15 .50	4-.15 .30	Pkg.	.25
TOPFLITE (LaSalle-Arenius) (442) 85 Beautiful clear light rose, cream throat and small rose blotch, without any flecking. Opens 8-5" blooms on a tall, wiry spike. I think this is about the most beautiful variety I know of and from reports reaching me, many others think so too. I really should withhold this for propagating this year, but have put aside a small stock and after that is gone, there just won't be any more for sale.....	1 10	10.00 80.00	7.50 60.00	5.00 40.00	1 10	1.25 10.00

WHITE GOLD (Scheer) (506) 70 Large cream blending to a yellow throat. Opens 5-6" blooms on a tall spike. Florets rather loosely attached to stem but is widely grown as a cut flower due to its earliness, large size and propagating ability.....	1 10	.25 2.00	.15 1.20	.10 .75	Pkg. .35
YANKEE LASS (Schenetsky-Milo) (440) 80 Beautiful light shell pink with slightly deeper throat marking. Opens up to 10-4½" blooms on a tall straight spike of double row placement. A sister seedling of Conn. Yankee. A most beautiful variety.....	1 10	7.50 60.00	5.00 40.00	3.00 24.00	1 1.00 10 7.50

Unlabeled Collections of Assorted Glads

Many folks desire to plant glads in the garden for cut flowers, but do not care to fuss with the labeling of the different kinds. To satisfy this need I make up special collections of named varieties but unlabeled. In making up an assortment of 100 glads, I usually put in 35 varieties of 3 bulbs each, thus making sure of good color balance. However, if you prefer or dislike certain colors, just mention it and I will act accordingly. These same varieties if bought under name would cost several times the purchase price.

Rainbow Collection

Large Bulbs 1¼" and up	Medium Bulbs ¾" to 1¼"
25 — \$1.50	25 — \$1.00
50 — \$3.00	50 — \$1.75
100 — \$5.00	100 — \$2.75
200 — \$9.00	200 — \$5.00

De Luxe Collection

FORMULAS FOR SPRAYS AND DIPS

Thrip Sprays for Blooms

Tarter Emetic spray — Very effective but DDT is proving even better.

3 ounces Tarter Emetic

½ lb. of sugar

3 gallons of water

Mix well and spray weekly after foliage is in third leaf.

DDT spray — Proving the most effective of all sprays.

2 rounded teaspoonfuls DDT (50%)

1 teaspoonful Dreft

2 gallons water

Mix well and spray weekly after foliage is in third leaf

DDT Dust for Blooms

½ lb. 50% strength DDT wettable powder

4½ lbs. dusting talc or use straight 5% DDT Dust

This is the quickest and easiest way to control gladiolus thrip. As effective as spraying. Dust every 7 to 10 days after foliage is in third leaf.

Dips for Control of Thrips and Disease

Bichloride of Mercury

1 oz. Bichloride of Mercury

7 gallons of water

Soak 10 to 12 hours immediate preceeding planting. Plant wet. Must be used in an earthen or wooden container.

Lysol

1 tablespoonful of Lysol

1 gallon of water

Soak 4 to 6 hours immediately preceeding planting.

New improved Ceresan

1 oz of N. I. Ceresan

3 gallons of water

Weigh carefully and leave bulbs in solution 15 minutes. Do not leave bulbs in solution over 20 minutes and be sure to plant immediately after dipping.

Join a Gladiolus Society nearest your locality and receive the benefit of good fellowship and the latest information through their publications.

Western Mass. Gladiolus Society

Charles F. Bradley, Sec'y.

233 Main St.

North Wilbraham, Mass.

Annual dues \$2.00

which includes 4 quarterly Bulletins of the North American Gladiolus Council.

Conn. Gladiolus Society

Charles T. Lariss, Sec'y.

751 Mountain Road

West Hartford, Conn.

Annual dues \$2.00 which includes

4 quarterly Bulletins of the North American Gladiolus Council.

The North American Gladiolus Council is an affiliation of 26 State and Canadian gladiolus societies. They publish 4 large quarterlies yearly with the latest and best glad information obtainable.

Subscription \$1.00 a year

CARE AND CULTURE

SOIL AND FERTILIZER

Glauds do well on most any soil if they are planted in the open garden where there is plenty of sunshine. You may work well rotted manure into the soil in the Spring by putting it into the bottom of your planting trench, then covering with an inch of soil; then planting your bulbs. Vigoro is also good. Two or three applications of commercial fertilizer may be made on the surface along the rows during the growing season before the plants bloom. Any fertilizer should be kept from direct contact with the bulb or foliage. If you wish to grow immense spikes, you must fertilize heavily; your plants must also have at least an inch of water every three or four days.

PLANTING

Work soil to a depth of eight inches, or ten inches will be better. Large bulbs should be covered with about six inches of soil. The deeper planting helps keep them upright when blooming. Smaller bulbs should be planted not less than two inches. You may regulate your distance apart in the row by the space you have. Plant rows anywhere from 2 ft. to 3 ft. apart. Plant in rows from two to six inches apart, depending on space and number of bulbs. They do well planted close together, but require more water.

DIGGING AND STORAGE

Our early stock is taken up in early October. The bulbs should be taken up within six weeks to two months after blooming but before the tops begin to get brown. Even if the tops are green, bulbs should be taken up before the ground freezes deeply. After digging, cut off the tops close to bulb and put in screen bottomed trays to cure. They should have plenty of ventilation while curing and must not be put in containers more than three or four inches deep. At this time Napthalene flakes (procured from your druggist) may be safely scattered on the bulbs which are dormant. Use at the rate of an ordinary handful per 100 bulbs. A little more or less won't do any harm and it will drive away any thrip that may be harboring an idea of wintering on your bulbs. By the time you are ready to clean the bulbs most of the flakes will have evaporated. A note of warning! DO NOT use them in the Spring when root nodules appear at the base of the bulb, as they are harmful and prevent normal growth of the plant. Use them right after digging or early winter. Stir them every few days and keep dry. In four weeks they will be cured so that old bulbs may be removed from the bottoms. They may then be placed in storage. Proving very effective as a thrip control in storage is a light dusting of 5% DDT powder. This is very good if the bulbs do not have to be handled during storage as DDT powder is poisonous.

The storage temperature is best at 40 to 50 degrees. Your storage room should be dry, cool and ventilated and as near uniform as possible as to temperature. It is well to look at your bulbs every two or three weeks. If they show signs of too much moisture or look mouldy, dry them out and give better ventilation. Keep them in small containers and spread thin.
